OCTOBER 5-11, 2010

BARRY & JOYCE VISSSELL
DORIS LAESSER STILLWATER
& **MICHAEL STILLWATER**

INVITATION

We invite you to join us for a week in Assisi, Italy, home of St. Francis and universally celebrated as the City of Peace. A place of sacred remembering for people of all faiths and traditions, Assisi provides a welcoming sanctuary for reflection and self-inquiry.

While residing with us in a Franciscan convent, enjoy the beauty of the Umbrian countryside and sites of Assisi. Learn contemplative practices, meet kindred spirits, practice powerful tools for opening your own heart, then re-enter your world with renewed appreciation and dedication.

TRANQUIL SETTING

Re-ignite your heart's call in a city built of prayer. A Franciscan convent in the heart of Assisi, Italy, provides a sanctuary and place of reflection, including a private garden overlooking the Basilica di Francesco.

Beginning with our connection with Self and Source and extending to everyone in our lives, this retreat explores living from the heart and relationship. *All My Relations* is an opportunity for growth whether attending as a single or couple.

EXPERIENCED GUIDES

Experience a week of personal or relationship renewal with heart-guides **Joyce Vissell, RN, MS** and **Barry Vissell, MD**, authors of *The Shared Heart* and *The Heart's Wisdom*, together with contemplative psychotherapist **Doris Laesser Stillwater** and musical intuitive **Michael Stillwater**, co-author of acclaimed healing resource *Graceful Passages: A Companion for Living and Dying*, offering retreats in Assisi for twenty years.

All My Relations: Renewal in Assisi

OCTOBER 5-11

2010

Program

All My Relations offers a balance of both inner and outer experiences. A typical retreat day includes contemplation and meditation, workshop activities, creative exploration and singing, along with time for reflection and relaxation. Included throughout the week are visits to key sites from the lives of Francis and Clare.

Residence

Retreats are held in a convent overlooking the Basilica di Francesco and the hills of Perugia. Room accommodations are comfortable, each with their own bathroom. Private rooms upon request (as available). Delicious Italian food is lovingly prepared by the Sisters, who share their private meditation garden with us as well.

Facilitation

Michael and Doris met in Assisi in 1989 and have been returning ever since, sharing its spiritual peace and transformative power with people from around the world. Their union of healing music, spiritual psychology, and love for Assisi helps participants encounter a deep, enriching and memorable experience.

Barry & Joyce have led workshops together for 35 years, and have known Michael and his music for nearly as long. This will be their first visit to Assisi, a celebration of their shared love and trust in the transformative potential within all hearts and relationships.
